Jeremy, I think speaking engagements are good to do as long as it's clear what role you're playing, how you/we would handle unexpected questions, etc.

Fine/good to work with comms on your remarks if they have time for that.

Subject: speaking invitation on EJ panel

Jenni,

The NC Conservation Network is hosting the 19th Annual Environmental Justice Summit near Rock Mount on Oct 20-21 and has invited me to represent the Governor's Office on a panel of state officials. Presence from the Gov Office would go a long way with this community, but I wanted to get your sign-off before accepting.

The invitation is for a session from 5-6:15 on the 20th. As you'll see below, the session provides time for community sharing with state folks and then an opportunity for the state folks to respond. Other panelists include Sheila Holman, DEQ division directors, and a couple of NC legislators. They are looking to round out the panel with a rep from the Gov Office. I'd work with comms on my remarks.

Please let me know if you have any questions.

Jeremy
